### How efficient is your lighting?

Lighting consumes nearly 35 percent of the electricity used in commercial buildings. FirstEnergy's Ohio utilities can help you reduce energy use and costs while improving your visual environment.

**Lighting Rebates**

### Save energy and money with simple equipment upgrades.

Would you like to install new lighting fixtures or other equipment to improve energy efficiency AND get paid for doing it?

FirstEnergy's Ohio utilities (Ohio Edison, The Illuminating Company and Toledo Edison) offer a wide range of incentive programs to its business customers – including reimbursements for improvements to your facility that increase energy efficiency and reduce electricity consumption. Save money, reduce energy usage, and get paid for doing it!

This site provides information about commercial and industrial energy efficiency incentive programs from FirstEnergy's Ohio utilities. Program participants are required to seek pre-approval before purchasing their equipment to ensure that it meets program requirements and is eligible for incentives.
